# International Workshop on Magnetron Sputter Epitaxy

**Register now!**

**Join us at IWMSE 2024!**

The participation is free of charge.

# IWMSE

International Workshop on  
Magnetron Sputter Epitaxy

## Topics covered

Growth, characterization, devices and applications,  
and commercialization

## Highlight

Device and Process Technology for GaN Power Transistors:  
Perspective of Automotive Applications  
Dr. Jens Baringhaus, Robert Bosch GmbH

## Registration

Please consider submitting a presentation abstract.

## More information
